## SUMMARY

Full-stack developer educated at the University of New Hampshire Coding Bootcamp program with experience in front-end and back-end software languages. Organized, curious, focused and detail oriented. Experienced in providing short-term and long-term solutions based on a needs analysis assessment, and being a powerful team contributor. Natural aptitude for technology and problem solving, life-long learner and an excellent communicator.

## TECHNICAL SKILLS

**Languages:** HTML, CSS, JavaScript, Scss.

**Front-End Technologies:** Bootstrap, jQuery, React.js.

**Back-End Technologies:** Express, Node, MongoDB, MySQL, Firebase, NPM Packages.

**Other:** Chrome Developer Tools, AJAX, Git.

## PROJECTS

**Canna-Keeper** | Github: <https://rocky-meadow-38771.herokuapp.com/>

- Hobby cannabis growers go-to app to log, track and view information about their personal gardens. Images, data and charts are displayed in an easy to digest user experience.
- Languages/Tools: React.js, Express, MongoDB, NPM Packages, JWT, AWS, s3bucket, Scss.

**Crystal Collector** | Github: <https://github.com/aancjr/Crystal-Collector>

- Web-based game where the user must click the correct sequence of gems to total the computer's guess.
- Languages/Tools: jQuery, JavaScript, CSS, HTML.
